SI No	Projects/ Programs	Clients	Project Description	Work Profile	Tools & Skills
1	• NGP program (Next Gen Portal).	• TATA Communication Ltd (TCL).	• A portal for TCL clients to place orders for PSTN, Mobile, BB and Bundle products.	• I have worked for the conversion of the web pages from the Desktop version to the Tab and Mobile version and hence to make them responsive across all the devices.	• HTML, CSS, Media Queries.
2	• GPG program (Global Partner Group).	• TATA Communication Ltd (TCL).	• A new and modern replacement of the NGP portal, GPG portal has Responsive Design.	• I have prepared Mockups/wireframes and designed the responsive webpages using the Bootstrap framework with J-query UI.	• Adobe Photoshop, HTML, CSS, Bootstrap.
3	• VAS portal (Voice Access Services)	• TATA Communication Ltd (TCL).	• A portal to order voice products like PSTN.	• I have worked for the PSD to HTML conversion of the webpages along with designing the prototypes.	• HTML, CSS, Media Queries, Figma.

4	• RMA (Relationship Management Access).	• TATA Communication Ltd (TCL).	• A portal for the internal TCL agents (Back Office Users).	• I have worked for the PSD to HTML conversion of the webpages along with designing the prototypes.	• HTML, CSS, Media Queries, Bootstrap, Jquery, Figma.
5	• BOS (Broadband Ordering System).	• British Telecom (BT).	• A portal to order Broadband products.	• I have worked as a Functional & Business Tester.	• Manual E2E Testing, Automation Testing, Selenium.
6	• ICON (Indirect Channel Online).	• British Telecom (BT).	• A portal for the admin users and Back Office users of the British Telecom (BT) to perform user management activities, invoicing, order processing etc.	• I have worked for the Rebranding of the portal and to give it a new Theme.	• HTML, CSS, Media Queries, Figma, Adobe XD.
7	• PG portal (Partner Gateway Portal).	• British Telecom (BT).	• A portal for the external partner agents of British Telecom (BT) to order PSTN Phone lines, Call Plans, Broadband, Bundle, Mobile products.	• I have worked for Designing new webpages.	• Figma, Adobe XD, Bootstrap.
8	• STE (Strategic Training Environment).	• British Telecom (BT).	• A training portal for new BT internal agents (Trainees).	• I have worked for Designing new mockups and prototypes.	• Adobe XD.
9	• AIB (Agent Integration Broker).	• British Telecom (BT).	• A middle (orchestration) component in the BT UKB system.	• I have worked as a CST Tester and as well as a Test-support.	• To test and verify the xml call flows over the web service and MQ calls across various internal components of BT UKB system.
